VIEWPOINTS

We all have likes and dislikes of that I'm very sure What constitutes one's poison Can be another's cure Each of us is different We all go varied ways The scope of human nature Is one big tangled maze Although opinions vary About a certain thing Of course majority will rule For numbers pull the string It's a healthy situation To have different points of view It's the key to steady progress And for happy living, too There are exceptions to this rule Beliefs can prelude fights So we must be considerate Of other people's rights For sometimes after careful thought We find that we are wrong Then it is best to swallow pride And try to go along. -Ben Burroughs

The Class of 1977 has had three unforgettable years at Enrico Fermi High School. During that time, one person has emerged among all the rest as a devoted and patient individual, seeking to guide us through a variety of school activities by his own personal enthusiasm and verbal encouragement. His tireless efforts and helpful suggestions made on our behalf have left an indelible mark on each of us.

Therefore, we of the Class of '77 wish to dedicate our *Traces* yearbook to you, MR. HARVEY J. LACOMBE.

We truly appreciate all you have done for us and extend our best wishes for continued success and happiness in the years ahead.

Thank you.
The Class of '77

You cannot do a kindness too soon, for you never know how soon it will be too late.

It is with pride that I congratulate and, at the same time, bid farewell to the Class of 1977. I am proud to have had an opportunity to play a role in providing you with an education which should enrich your lives and assist in building a meaningful future.

I say goodbye to you with mixed emotions. I am sorry to see you leave, but I am happy for you to take your place in our challenging society. You are now entering an exciting time in your life. As you reach for new adventures, I pray that your educational experiences over these past three years will provide you with knowledge, courage, ambition, and dedication for each task you undertake.

Your class has been a credit to Enrico Fermi High School. On behalf of the administration and staff I wish you every success.

Respectfully,

SENIOR TALENTS SHINE THRU . . .

The Class of 1977 has a lot of talented young people, and Brian Donelan had the good fortune to show his talents, not only in school but also on his own. As a fine actor, he had taken part in all of the school plays at Fermi from 1974 through 1977. He continued to gain experience in the summer of 1976, when his ability to act landed him a job for L & R Productions, a resident company specializing in semi-professional theater.

With Brian's ability, he was able to act out parts ranging from an aged suicidal Indian to a six year old girl as well as work backstage in related areas of production.

The team of actors and actresses performed three professional shows that summer at the Yarmouth Playhouse; they were "Godspell,""The Drunkard" and "The Fantasticks." Brian commented that he "was indeed fortunate" and was very "grateful to have been given the chance to try this interesting occupation."

One very unique member of the Fermi student body is Michelle Pontious and her unicycle riding hobby. Michelle has been riding for ten years and what began as a desire to be a clown has resulted in a relaxing "fun hobby." Two memorable events recalled by Michelle were her twenty mile unicycle ride in a bike-a-thon and her participation in a centennial parade in Vermont where she rode the whole route.

Unicycle riding offers many challenges according to Michelle, including the many new people you meet who stop and chat with "the lady on the single wheel."

Another talented member of the senior class is Brian Moore. Brian started flying at the age of sixteen. Flying was something he had always wanted to do. Brian spent one long year and "a lot of money" on his flying lessons, before finally receiving his private license. As Brian says, "I like to fly simply to get away from it all. The only problem with me having my license is finding someone with enough guts to go up with me."

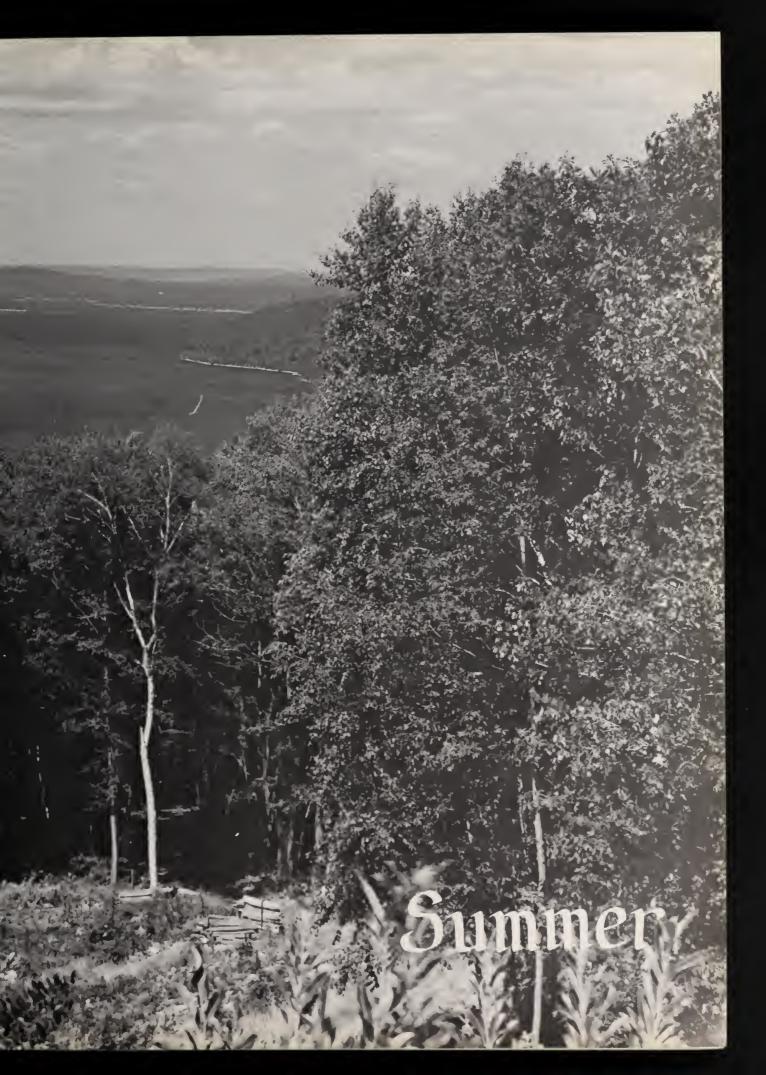

For Peggy Szeniawski, being president of Youth EARC (Enfield Association for Retarded Citizens) has not only allowed her many great opportunities, but it has also helped her to gain insight and understanding for the retarded. Through this organization, Peggy has come in contact with the State of Connecticut's Youth-ARC and also the National Association. This organization has helped Peggy realize what gifts she has and what perspective she has adopted toward the retarded. However, Peggy finds that the most rewarding opportunity was to be a part of the Saturday "Learning and Fun" program and also the Wednesday "Teen Social." Both of these programs allow her to relate to mentally retarded and handicapped people in a very special way.

To Peggy "being president of Youth EARC is a great experience that I wouldn't want to miss."

SENIOR CLASS OFFICERS

Left To Right: Marci Secondo (Dir. of Act.), Denise Poirier (See.), Rosanne Giovanetti (V.Pres.), Doreen Blake (Pres.), Cindy Parchark (Treas.), Teri Stone (Hist.).

Today, as near panic-stricken yet hopeful seniors, we share the same apprehension about facing new thresholds as we did upon entering Fermi as wary but eager sophomores. One difference, however, lies in our attitudes towards ourselves. Our three years at Fermi High have probably served us best as a course in human relations. We no longer feel the need to conform to a group's ideals, but rather sense the importance of acting upon our own beliefs and choices.

This change is especially evident in the relationships we have formed here. We have learned that only by honestly treating each other as individuals may we be truly an individual ourselves. Realizing that this honesty is an integral and important part of any friendship, we, the class of 77, have strengthened our individuality and become a part of each other. From classes to dances, from debates to quiet conversations with friends, we have proved that we can indeed be part of a whole without losing our own individuality.

No matter what future thresholds we confront, because of our past experiences with each other and knowledge of ourselves, we will achieve a personal happiness. Even though realism seems to be stressed as the primary consideration for our future plans, it is important not to give up our dreams, our beliefs, our idealism and most importantly, our individuality.

This year has been one of great admiration. Our team went from a mediocre offense-defense combination to a highly polished machine-type operation. Each part played its significant role in the total operation of every game.

Many times, a record does not depict the true state of things; this is one of those cases. While we ended up with a record of 2-11-1, we were "in" every game but two. That is, we were soundly beaten by two teams; all others were decided, in most cases, by one goal.

It has been a pleasure to have the opportunity to work with such fine gentlemen-athletes and I would wish every team to have the kind of spirit which permeated this team. It was a job well done.

FIELD HOCKEY

First Row L To R; Donna Warzyski, Terri Raymond, Rosanne Captain, Lori Delay, Pam Thibodeau, Debbie Teske, Marge Davis, Coach Rosemary Sullivan, Coach Kathy Carbone, Second Row L To R; Nancy Duren, Paula Apruzzese, Leslie Young, Donna Nazlian, Terry Marocchini, Darlene Prazner, Debbie DeFranzo, Terri Dubuque, Third Row L To R; Donna Sanford, Chris Pieper, Naomi Whynot, Cathy Griffith, Kathy Gondorowski, Karen Thibodeau, Jeannine Michaud, Carol Moore, Janet Mack, Mary Ellen Moore, Suzanne Telesky, Mary Martinez.

Coach Rosemary Sullivan, Co-Capt. Rosanne Captain, Co-Capt. Chris Pieper.

During the 1976-1977 season, the team experienced extremes in weather, field conditions and varying qualities of team play throughout the league. Despite each condition, the Falcon pride continued to lead the way, as the field hockey team fought their way to a 4-6-2 record. All the games provided challenges for the players, and excitement for the spectators. With the introduction of a 15 minute sudden death overtime period in the league, Fermi emerged victorious in 3 of 5 encounters.

Congratulations to Co-Captain's Rosanne Captain and Chris Pieper for their fine display of leadership, and good luck to our nine graduating seniors. You each gave to Fermi Field Hockey in your own way, and you shall be remembered as a group who gave their all to a Fermi win.

COACHING STAFF - Dan Gallo, Brian Volvo, Joseph Nuccio, Joseph Occhiuti, William Barker.

The Fermi Football team had its first taste of a winning scason in its history with a record 5-2-2. This included a four game winning streak and the first time a Fermi team beat Hall High School, 13-7. The team was highlighted by an unpredictable offense and a solid, tough, impressive defense. The offense was led by Senior Halfback Stuart Sibley who led the area in scoring with 60 points and rushed for 100 yards. Despite key injuries midway in the season, the team was able to maintain unity and complete its season impressively.

The seniors from the 1977 team would like to wish the 1978 Falcon team the best of luck next year and wish to thank Coaches Joe Nuccio, Joe Ochutti and Bill Barker for their time and effort in making the Falcon team of 1976-1977 the first winning football team in the school's history!

TRI-CAPTAINS - Doug Saley, Eric Tarnowicz, Frank Mensinger.

First Row: Tri-captains Doug Saley, Eric Tarnowicz, Frank Mensinger. Dr. Palomba, a man who will be missed in our hearts and on the field.

Dr. Palomba was a man who contributed much to Fermi Football through his attendance at all home games until his retirement at the end of the 1975 season. Members of the team appreciated Dr. Palomba's time and concern for all, both on and off the field. We are very grateful to have had a man like Dr. Palomba to serve as our team physician, and, in memory of him, we dedicate this section to him.

Who wants to participate in a sport with very little glory, a great deal of hard work and a lot of self discipline? The team members you see on this page are that type of athlete. This year's team improved as the season progressed but some key meets were lost because of injuries. To a cross country runner, a won-loss record may not be as important as in other sports because a runner can be satisfied by lowering his times.

Best of luck to the graduating seniors and a special thanks to the captains, Steve Delmarco and Brian Donelan, for a job well done. Next year we may break that barrier, but, it won't be easy without you.

(Missing from picture Jen Stauble.)

The 1977 girls' basketball team was comprised of 4 seniors, 1 junior, and 16 sophomores. Cocaptains Cathy Griffith and Sheryl Wild, along with Debbie Teske and Karen Patterson, leave behind a hardworking group of girls.

In a comparatively strong CCIL, this year's record of 6 wins and 14 losses was indicative of a young, developing team with potential based on dedication for future strength in girls' basketball at Fermi.

Bettering the previous year's record, the team can also look back on a thrilling come from behind victory over Manchester. This demonstrated the goal which can be attained when a team has its talented members unhampered by injuries.

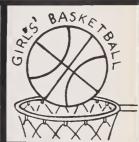

Jim Murphy, in his second year coaching the girls of Fermi, was assisted by Barbara Long as the J.V. coach. The team will miss the leadership of the 4 graduating seniors. However, the spirit and memories they leave behind will be carried on by a young team whose potential is just surfacing in the 1976-77 season.

There is always the challenge to win-yet team unity and interscholastic competition, whether won or lost, is the source of memorable high school days.

The 1977 Falcon hockey team, led by Senior Co-Captains Bob Regan and Glen Rasmussen, finishes 12-6-2 in the CIAC and 9-3 in the CCIL. This year's team finished for the second straight year in second place in the competitive CCIL.

This year's team has had a somewhat inconsistent season as they were plagued by injuries to key players in the beginning of the season. However, in the second half of the season the Falcons have put it together and should peak for the Division 1 CIAC Tournament.

Some of the high points of the season are a 3-2 win over Division II State Champs, South Windsor, and devastating 6-2 and 7-2 triumphs over Enfield.

This year's team will graduate 6 seniors: Glen Rasmussen, Bill Peltola, Bob Regan, Earl Reynolds, Tony Lombardi and Mark Edwards. These players will be missed, but hopefully they have passed on some of their wisdom and poise to a very young team.

SENIORS From L To R: Bill Peltola, Tony Lombardi, Glen Rasmussen, Bob Regan, Mark Edwards, Earl Reynolds.

The wrestling program at Fermi has been revitalized with the addition of new head coach Joel Arnold. This year was used as a foundation to set a new course establishing a program which would gain in popularity and success. With wrestling being the fastest growing interscholastic sport in the nation, Fermi should be on its way as long as the athletes possess the internal fortitude and courage to accept the challenge of such a demanding sport.

Returning veterans include senior co-captains John Lombardo and Jorge Diaz. Other promising veterans include Ralph Archetti, Stu King, Joe Backus, and Jerry Lovell. Mike Whalen is sure to balance off the rest of the squad "overfilling" the heavyweight class.

The success of wrestling at Fermi will remain in the hands of the athletes. With their support and hard work, we should quickly rise to the top of our league.

This year's team was made up of 5 seniors, 5 juniors, and 3 sophomores. It was a team beat by early season injuries to key personnel which resulted in a very poor start. Though the rough beginning hurt in the standings, the Falcons never quit, rebounding in the second half of the year to win one key game after another. This made it possible so that at this writing we are very close to making the State Tournament for the second season in a row.

A coach could not ask for a better group to work with. They showed respect for referees, opposing players, and coaches at all times. They constantly battled back from one problem or another and never quit. They were true competitors.

With a fine J.V. moving up and some talented juniors we look forword to a good season next year. However we will surely miss the graduation of 5 seniors. Eric Ruby, Doug Saley, and Tom Rooney were three big men who gave 110% all the time. Bill Slattery gave us great leadership on and off the court as our co-captain. His shooting won many games for us over the past two years.

We must pay special tribute to Bill Baskerville, the finest player to have ever played at Fermi. We will not forget his shooting, rebounding, shotblocking or team leadership for a long, long, time. He was a true star (All-League, All area, All-State) in every possible sense.

The 5 seniors will be missed. To these 5 guys with a great deal of class, we say

These fine young ladies deserve a lot of credit for the good reputation given to Enrico Fermi around the state. They have always acted in the best interest of the school and have proven to be good sports.

I want to make a special note in recognizing the outstanding efforts of this year's co-captains, Rosanne Giovanetti and Gri Baldyga. These girls are not only outstanding school citizens, but are the hardest working and most devoted to their school and squad. I personally thank Rosy and Geri for all their help in making 1976-77 Fermi's best in school spirit.

OUR SEASON'S BEST!

What is an MVP?

... Person that has contributed most to his sport as far as motiviating teammates, leadership; contribution in contest; public relations in school promoting sport; goodness of sport; all around contribution, not just the BEST player; good for athletics, not just a good athlete. Someone who gives more than asked to, the team; doesn't just "come through" in a game situation; crisis leadership, not selfish; shows desire, has internal drive. Doesn't have to be the best athlete.

The Most Valuable Player is one who has improved ... with age and experience. She anticipates ahead of time so that she may interrupt someone's strategy. She then makes her move, thinks about what is going to happen and freely interjects the smart move! She is a listener and a doer. She is very special asset to the team she plays for and to herself.

"Our appearance, our words, our actions are never greater than ourselves."

Gibran

Imagine approaching the creation of a 200 page book ... to be seen by hundreds of critical eyes ... without prior experience ... and not getting "paid"? Each year, a group of energetic juniors and seniors proposes to do just that and, year after year, the result is always a superior Fermi TRACES yearbook.

This year's staff is no exception. The cooperative leadership of Sheryl Wild and Denise Poirier as co-editors results in hard work to meet deadlines, creativity of ideas to construct a unique book, and the fostering of warm relationships in a relaxed and pleasant atmosphere. It is a long, hard struggle to accomplish the task; the achievement is always a group effort; yet, in the end, it is the individual members who reap the intangible rewards of a job well done.

A special salute to the Seniors on an "exceptional" book and a wish that you may "keep your faces always toward the sunshine, and the shadows will fall behind you."

Thanks to each of you on the '77 staff for showing that "growth is the only *real* evidence of change."

Love you all — Mrs. Norby
